Anand K H

Software Engineer

khanand1998@gmail.com / 9164038633 / Bengaluru / https://www.linkedin.com/in/anand-k-h-0bb22416b/

PROFESSIONAL SUMMARY

Full Stack Developer with 5+ years of experience in Angular, Node.js, Express.js, MongoDB, and RESTful API development. Proven expertise in building scalable enterprise applications, performance optimization, API integration, and Agile development. Strong experience in client interaction and end-to-end delivery.

EXPERIENCE

Associate IT Consultant

Jan - 2024 — Present

ITC Infotech India Pvt Ltd · Bengaluru

• Developed full-stack enterprise application modules from scratch using Next.js and NestJS, covering frontend and backend development.
• Implemented scheduler functionality to support automated workflows and scheduled processing.
• Designed and integrated RESTful APIs between frontend and backend services to deliver end-to-end functionality.
• Developed RESTful APIs using Node.js and MongoDB to support enterprise modules and enable seamless integration with Angular applications.
• Designed and implemented responsive Angular pages with efficient API integration to enhance application usability.
• Interacted directly with clients to gather requirements, clarify functionality, incorporate feedback, and conduct application demonstrations.
• Diagnosed and resolved client-reported issues across frontend and backend systems, improving application stability and ensuring timely resolution.
• Collaborated with cross-functional teams and followed Agile development practices, version control, and CI/CD workflows.

Software Engineer - Advanced

Dec - 2021 — Dec - 2023

MAIORA IT SERVICES AND CONSULTING PVT LTD · Bengaluru

• Developed and maintained full-stack enterprise applications using Angular, Node.js, Express.js, and MongoDB.
• Analyzed business requirements and translated them into technical solutions and application enhancements.
• Designed and developed responsive Angular user interfaces to support cross-device compatibility.
• Built and integrated RESTful APIs using Node.js, Express.js, and MongoDB for efficient frontend–backend communication.
• Integrated the HDFC payment gateway into a learning management application to support payment processing.
• Implemented AWS S3 for scalable storage of files and media in enterprise applications.
• Collaborated with clients and cross-functional teams to clarify requirements, resolve issues, and deliver application enhancements.
• Contributed to 7 in-house projects, following Agile methodologies and CI/CD practices.
• Received multiple quarterly appreciations for consistent contributions, quality, creativity, and dedication to project delivery.

Full Stack Developer

Aug - 2021 — Dec - 2021

AILOITTE TECHNOLOGIES PVT LTD · Bengaluru

• Developed responsive user interface using React.js, enhancing seamless user experience across multiple devices.
• Designed and implemented scalable RESTful APIs with Node.js, improving backend performance and application reliability.

Student Trainee

Sep - 2020 — Aug - 2021
